"The real reason that I haven't performed live for a long time is that I have very severe hearing damage. It's manifested itself as tinnitus, ringing in the ears at the frequencies that I play the guitar. It hurts, it's painful and it's frustrating."

*-H.E.A.R. Founding Donor,
Musician Pete Townshend
Rolling Stone Magazine July, 1989.*

H.E.A.R. is HERE for musicians, DJs, sound engineers, music fans and anyone that may need help with their hearing.
